- ZERO PARABEN
- ZERO SULFATES
- Natural fragrance
- Vegan and Cruelty free
- Balances the PH levels of the scalp
- Promotes healthy hair growth

Contains Deserticola™ Properties

The product contains loliolide properties extracted from Deserticola, micro-algae that helps soothe, hydrate, and nourish the scalp.

Botalab Deserticola Shampoo

Botalab Deserticola Water Treatment

1 Wet scalp and hair sufficiently with warm water.

2 Apply a generous amount and spread evenly over hair from root to tip, working product into a rich foam.

3 Thoroughly rise with warm water.

1 After shampooing, apply a generous amount directly to the scalp.

2 Massage gently from the scalp into your hair creating a rich, creamy texture. Once absorbed into the scalp, product will create a warm, massaging sensation.

3 After massaging hair and scalp thoroughly, rinse completely with warm water.

* If you massage your hair lightly, the watery contents will turn creamy feeling warmth.

Botalab Suamel Body Care

SNOW ENZYME CLEANSER EX

LEARN HOW TO PROTECT ALL SKIN CELLS WITH CLEAN NATURAL INGREDIENTS

INCELLDERM One point / How to use

※ Depending on the skin condition, the method of use may vary.

MICROFLUIDIZER TECHNIQUE X TASOME

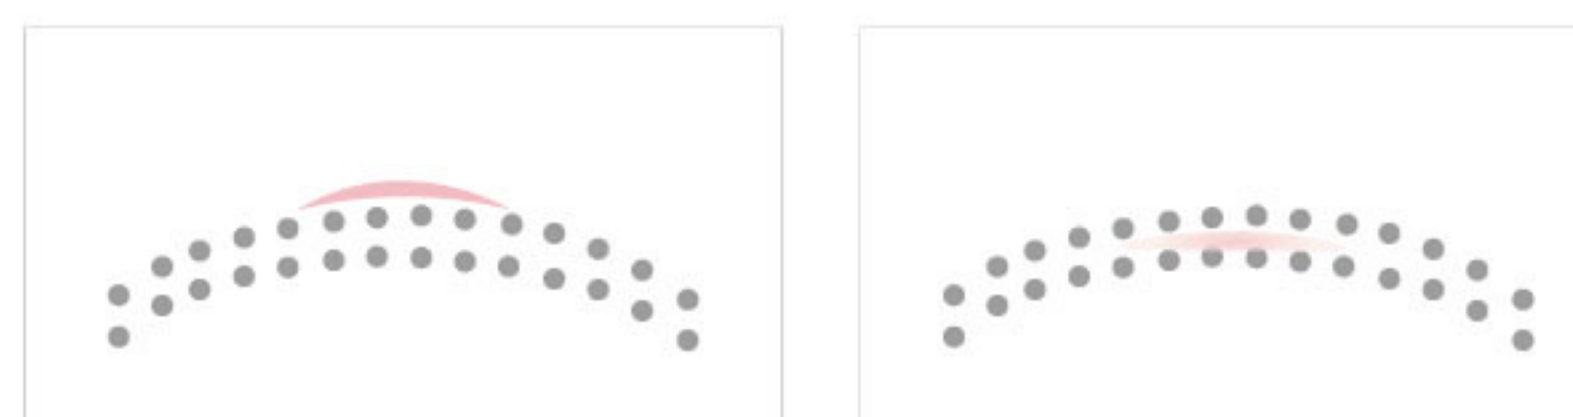

It is a patented delivery system used to carry Incellderm's secret ingredients in microscopic capsules, nano-scale smaller than cells, to penetrate to the deepest layer of the skin.

As the capsules melt, the active ingredients in them are released deep into the skin, once absorbed, turning the skin into a younger and healthier one.

Do INCELLDERM

Gently glide the tips of your fingers to evenly spread the product on your skin, without tapping or rubbing. A gentle application method is required to optimized the absorption of Incellderm's ingredients delivered in a special and delicate form (liposomal materials, etc)

This process helps ensure that the capsules are not broken and can be safely absorbed without causing skin trouble.
